

**An Open Letter in Support of Israel and the Global Jewish Community,
From: Leaders in the Messianic Jewish Movement, Jewish followers of Yeshua (Jesus)
the Messiah**

As representatives of the global Messianic Jewish movement and in solidarity with the greater Jewish community, we affirm our standing with Israel in defense of our homeland. Our hearts are broken to see this present evil perpetrated against Israel. The current war against Israel has united the people of Israel and we stand united with them. The attack against Israel by the terrorist organization, Hamas, has also stirred up antisemitism around the world. The Messianic Jewish community takes a strong stand against the rise of antisemitism being perpetrated upon Jewish people in many nations.

We are committed to rally support from the larger Christian circles where we have some influence, encouraging our Christian friends to stand with Israel and our Jewish people at this perilous time. In fact, we call upon our Christian friends in this open letter, "Do not remain silent during this critical time of rising antisemitism!" (Isaiah 62:1)

We are committed to provide relief aid to the more than 200,000 displaced Israelis. We are committed to do whatever is in our power for the sake of *Ahavat Yisrael*.

Numerous IDF soldiers on the front lines are Jewish followers of Yeshua (Jesus) and three have already lost their lives in defense of Israel...more have been injured. We are not merely bystanders. We stand in full solidarity with Israel and are willing to pay the price for being Jewish and having a national Jewish homeland along with our Jewish brothers and sisters around the world.

We do believe in the power of prayer to the Almighty, the GOD of Abraham, Isaac and Jacob. We are thankful for the hostages who have been released but continue to pray for release of the remaining hostages who are still being held in captivity. We pray comfort and healing for the families of those who were murdered on October 7 and the following days, for the many thousands who have been injured and for all Israel.

We recognize the suffering among the civilians of Gaza who are forced to pay a terrible price for the misdeeds of their Hamas leadership who instigated the war against Israel. We also stand in earnest prayer for their well-being and healing.

We pray for the safety and courage of our people around the world who have become targets of hate crimes against Jews simply because we are Jewish.

We pray, as the psalmist prayed, that the Maker of heaven and earth who neither slumbers nor sleeps, keeps watch over Israel. (Psalm 121:1)
